## DESCRIPTION

**Move3™** is a proprietary blend of Omega-3 EPA / DHA and natural eggshell membrane, NEM®.

**NEM® matrix** provides bioactive molecules working synergistically to promote healthy joints.

NEM® brand eggshell membrane has been shown in human clinical trials to help DEFEND healthy joints against pain, stiffness and cartilage degradation.

**Omega-3** may reduce delayed onset muscle soreness (DOMS) and the perception of pain from exercise.

Omega-3s are important metabolites in the natural cycle of the immune response to activity like exercise.

“ A recently completed clinical trial\*\* showed improvements in joint pain, stiffness and cartilage damage following exercise compared with placebo. Men and women took either a placebo or the treatment containing Move3™ Proprietary Blend.
